- **Please note:** First-time users will need to create their account through the Libby app.

- You'll find them in the **Library** () under "Extras" (you may need to scroll down to see this section).
- To get started with an Extra, tap a provider, then tap **Get**. This will take you out of Libby to get access to the service. Your library card gives you free access, but some providers may require you to create an account before you can use their service.
- **Note:** You may see prompts for discounts and other promotions while accessing providers' services. These can be safely ignored.
- How borrowing or accessing Extras works:
- For Universal Class, you borrow access to the service for a set amount of time. Borrowed services

- appear on your **Shelf** () so you can easily get back to them during your access period. Access periods vary by provider, but you can use the service as much as you'd like during your access period.
- Extras don't count against your borrowing limit in Libby.
